23 MINERS ENTOMBED AT BROWNSVILLE-9 ARE DEAD

GAS EXPLOSION WRECKS GATES MINE-NO HOPE FOR MEN TRAPPED

Searching Parties Frantically Dig Into Debris In Hopes Of Reaching Some Who May Be Alive But Late Today Only Dead Bodies Found It Is Stated That 23 Men Were At Work

MINE IS OWNED BY FRICK COKE COMPANY

BULLETIN

Brownsville, Pa., February 2. (3 P. M.)—Twenty-four men were killed in the gas explosion at the Gates mine of the H. C. Frick Coke Company near here today. Eighteen bodies have been brought to the surface. Twenty-five were working at the time the explosion occurred. Only one man, Tom Aposki, was known to have escaped. State Police and mine officials were searching for him to give the story of the disaster.

Brownsville, Pa., February2.—One of the greatest mine disasters in a decade occurred here early this morning when twenty-three workers in the Gates Mine of the H .C. Frick Coke Company, were entombed by a gas explosion. Of the twenty-three men trapped in the mine, none are believed to be alive, as rescuers are in the vicinity of the workings and are finding only dead bodies, most of which are crushed beyond identification. Up until noon nine bodies had been recovered.

Brownsville, Pa., Feb. 2.—Nine bodies, crushed to an unrecognizable mass by a fall of slate following an explosion in the aGtes Mine of the H. C. Frick Coke Company at 2:00 o'clock a. m. tolay, had been brought to the surface at noon.

It was authoritatively stated that twenty-three were known to have been in the mine at the time of the explosion. Searching parties are digging their way through the mass of slate and earth, hammering away at the obstruction for a few minutes and then listening for sounds which would indicate that some of the entombed miners are still alive.

The Gates Mine is located about twenty-two miles from here The dead were removed to a morgue in Masontown, near here. While a portion of the crowd remained about the mine many of the relatives of the missing miners followed the bodies as they were being removed and clamored for an opportunity to identify them.

Scottdale, Pa., Feb. 2.—Officials of the H. C. Frick Coke Company stated here today that only twenty-three miners were in their Gates mine when the explosion occurred there early today. Their information was to the effect that nine were known to be dead They have had no definite information as to the cause of the disaster.

Brownsville, Pa., Feb. 2.—The rescue car of the United States Bureau of Mines was rushed to the scene to give relief and doctors and nurses were sent from Brownsville.

A large crowd of women and children gathered around the shaft seeking to identify relatives.

The Gates mine is located about fifteen miles from here and about 1000 men are employed. The shaft of this mine is 350 feet deep.

The Bureau of Mines have given out that the disaster was caused by an explosion of gas but no further details have been received. The local undertaker has received a call for 30 rough boxes, indicating that that number were killed

PLENARY SESSION GIVES APPROVAL TO CONFERENCE WORK

Washington, Feb. 2.—The Washington negotiations for the limitation of armament reached its consummation yesterday when a plenary session gave definite and public approval to the two treaties limiting navies and restricting the agencies of warfare.

One o fthe covenants thus sealed after eleven weeks, established a fixed ratio of capital strength between the five powers and the other pledges them against unrestricted use of submarines, and poisonous gas.

Within a day or two the delegates of the United States, Great Britain Japan, France and Italy will formally affix their signatures.

Washington, D. C., Feb. 2.—The final Plenary Session of the Washington Conference is planned for Saturday. Following that on Monday the Conference delegates with solemn ceremonies will attach their signatures to the various treaties arising from the parleys, treaties to bring peace in the East and to lay ground work for general world peace.

Pioneer Automobile Firm Of Orcutt & Buchanan Dissolved

The firm of Orcutt & Buchanan, Clearfield's pioneer and best known automobile garage concern, has been dissolved by mutual concent, the interests of the Buchanan estate having been taken over by E. E. Orcutt the senior member of the old firm who will continue the business at the old stand.

Mr. Orcutt is a pioneer in the automobile game in Clearfield and the Orcutt & Buchanan garage is known throughout the country as one of the largest, best equipped garages in central Pennsylvania. The high stand ard of service and accommodation of the past will be more than maintained in the future by Owner Orcutt and his corps of competent and obliging assistants.

German Rail Traffic Tied Up By Big Strike

FIRST VOTE ON NEW POPE WILL BE TAKEN TOMORROW MORNING

Cardinals "Walled Up" Today And Will Not Emerge Until Pontiff Has Been Selected.

UNIQUE SIGNAL

Rome, Italy, Feb. 2.—The Conclave was solemnly inaugurated today when the candidates to the Sacred College, accompanied by the other priests and servants, entered the Vatican where they will be walled up from all contact with the outside world until a new Pontiff is chosen. The first vote will be taken Friday morning.

Smoke Signal on Election

As soon as a choice has been made damp straw will be mingled with the ballots which will then be ignited and a puff of smoke will announce to the outside world that a successor has been chosen.

The American delegation will be admitted to the Conclave by unsealing the wall, if a new pope has not been elected prior to their arrival..

Cardinals Gasparri, Ratti, La Fontaine, Belmonti and Pempili were today mentioned as the leading candidates.

GLASS WORKERS WILL ACCEPT 30 PER CENT REDUCTION IN WAGE

DuBois, Pa., Feb. 2.—According to the best information obtainable the glass workers of this section, who met to approve or disapprove of the scale adopted by the Cleveland convention, did not take a vote, but the concensus of opinion was that the scale would be accepted.

Inquiry at the local office of the Reliance Glass Company elicited the information that this factory does not expect to resume operations during the second part of the season. In fact it is not likely there will be a resumption until next August or Septemeber. The scale that was adopted in Cleveland, providing for a decrease of 30 per cent., covers operations from February 1st.

It is noticed that the Eldred Glass Company workers at Punxsutawney accepted the scale and that factory will resume operations within a few days. It is also stated that the factory at Port Allegheny will resume within the next week.

Miss Genevieve McGooy entertained several of her friends at a five hundred party at her home on 5th Street Tuesday evening. Two tables were in play.

Another Of Those Wonderful Concerts Sunday Afternoon

The American Legion Band has another treat in store for the music lovers of Clearfield. They have been diligently rehearsing the past several weeks under the careful direction of Prof. Thayer for a free concert which they propose to give at the Clearfield High School auditorium on Sunday afternoon at 3 o'clock.

Prof. Thayer has worked out a particularly pleasing and high class program and the boys have worked hard to get it down pat and by Sunday will have every part letter perfect. The last rehearsal is set for Friday evening.

The American Legion Band is one of the real bands of the central part of Pennsylvania. Its growth and development has been simply marvelous the past twelve months and those who appreciate first class brass band music, an dthere is nothing more exhilerating, should make it a point to come early and attend the free concert Sunday afternoon.

PURPOSE OF "CLEAN-UP" SQUAD MADE CLEAR BY CHIEF; THROUGH HERE TODAY

Is Final Effort Being Made By Government Agencies To Get All Claims That May At Any Time Be Made; Want To Pay Everything Off Within Five Years Of The War.

IMPORTANCE OF PAPERS IS STRESSED

Dr. Hibsman and his government Clean-up Squad are continuing their labors at the Court House today getting the claims and records of Clearfield county ex-service men in proper shape for recording and prompt action by the Claims Bureau at Washington.

Under present legislation it is the purpose or intention of the government to close up the work of the present claims Bureau by March 6, 1926, or five years from the declaration of peace with Germany, it being the belief of the War Department and Congress that all claims for disability contracted in time of service failure to receive allotment compensation, etc mght be filed or attended to by that time.

Began In August

On account of the failure of the claimants to get their many claims into the department in proper shape for prompt action the Clean-up Squad plan was decided upon and the country divided into fourteen districts and a Squad assigned to each district. The work of cleaning up these claims and records was begun August 1, 1921, and it is expected they will finish the work by April 1st, 1922.

Special importance is attached to this work because delay means difficulty in establishing service connections in the future, but while the Clean-up Squads will finish their work at the time stated, those ex-service men or women who fail to get in touch with them while on their rounds may file their claims at any time within the five-year period with the American Red Cross, local designate who happens to be Dr. A. D. Cowdrick, Clearfield, at the sub district headquarters at Johnstown or at District Headquarters in Philadelphia.

Importance of Papers

Dr. Hibsman says it is highly important that all ex-service men or women have copies of their discharge made and that the original be carefully preserved because it can never be replaced. Claimants should be sure to send in any army hospital record received while in the service. When asked for additional evidence of any kind it should be supplied without delay, as a single missing factor may prevent him realizing on his claim. There are four sources from which evidence is required or may be supplied. 1. From the family physician. 2. From Medical Officer in tthe service. 3. From immediate superior officers of claimant. 4. From Comrades of veterans in the service, and lastly disinterested persons, not relatives, who knew him before and after his service.

A claimant suffering an occupational handicap should have his employers certificate showing how long he worked for him, and whether his layoffs were because of disability incident to his service. In case he entered the service with a disability noted at his enlistment the veteran is entitled to compensation for degree of aggravation while in the service.

Sanitarium Planned

Dr. Hibsman also said that the government was proposing to erect a tuberculosis sanitarium somewhere in Western Pennsylvania for ex-service men, site for same had not yet been decided upon.

A total of 202 ex-service men reported tothe Clean-up Squad yesterday. Of these 61 claimed general disability, 13 were eye, ear, nose, or throat cases; 21 orthopedic; 17 chest; 11 neurotic; 22 X-rays, while in addition to this a great deal of laboratory work was done. There were 70 new claims filed.

A Gigantic Task

E. H. SHAUGHNESSY DIES FROM INJURIES AT KNICKERBOCKER

Washington, D. C., Feb. 2.—Second Assistant Postmaster General E. H. Shaughnessy died early today at the Walter Reed Hospital, a victim of the Knickerbocker Theatre disaster. He had made a game fight against death and the physicians tried hard to ward off the end. Blood transfusion taken from strong young soldiers made him rally for a time but the injury to his pelvis was so severe that it was impossible to save his life. In another Shaughnessy's wife and daughter are slowly recovering from their injuries.

Washington, D. C., February 2.—"Money for a soldier bonus can be raised through special taxes on tobacco, bank checks, first and second-class mail and documentary taxer," Secretary of the Treasury Mellon told the House Ways and Means Committee today. "Trying to use the foreign debt to pay the bonus is futile," Mellon declared.

JUDGE WANTS TO KNOW IF DEFAULTERS IN SUPPORT PAYMENTS HAVE EXCUSES

So many men have been defaulting in their payments of non-support orders and giving the present industrial depression and lack of work as the reason therefor, that Judge Bell was movel on Tuesday last to hana down the following order of court:—

In re all orders for support made in cases of desertion or non-support of wife or children and also orders for non-support in all cases of the offense of fornication and bastardy or for the non-support of an illegitimate child.

And now January 31st, 1922, it is ordered that notice be given to all persons in default in payments made under the decree of the court that they are hereafter required semi-montnly to notify the Desertion Probation Officer of the amount of pay received following each pay day, and further that, if required so to do by the Desertion Probation Officer, they shall furnish statement of the pays received by them for succh past period as the officer shall direct.

Disobedience to this order after notice to be taken as presumtive evidence that the default is not in good faith and without just reason and that such default will be sufficient cause for the issuance of a bench warrant.

By The Court.

VATICAN PREPARES FOR PAPAL ELECTION; LAST FUNERAL HELD

Rome, Italy, Feb. 1.—The final funeral service for the late Pope Benedict was celebrated today in the Sistine Chapel. Afterwards the chapel was hastily prepared as a room for holding the conclave for electing a successor. The Cardinals in attendance will be taken to the Paolina Chapel to participate in the Holy Spirit Mass, after which they will enter the conclave and be walled up and will not emerge until after a successor has been cchosen. The American delegates are due to arrive here February 7th and will be admitted to the conclave provided no Pope has been elected.

WHY SUFFER FROM BRONCHIAL ASTHMA?

Simple Home Treatment Makes Breathing Easy

Just because you start the day tired, lifeless, worn-out from loss of rest and the difficut breathing of miserable asthma—do not think you have to stay this way long.

Be strong and well, breathe clearly and easily again by using this simple treatment known as Oxidaze, the prescription of a Worcester, Mass., physician.

For any form of Asthma where the bronchial tubes are irritated, the breathing short and difficult, its healing, relieveing action is really wonderful. Sufferers who can't breathe at night and who grasp for a good, clear breath will appreciate the relief and comfort Oxidaze gives.

Oxidaze is a tablet made from essential oils which, when the patient dissolves in the mouth, almost immediately soothes the irritation, clears out the choked up air passages and enables the sufferer to breathe easily and get a real comfortable night's sleep.

It is sold by leading druggists who agree to refund the full purchase price of the first package to any sufferer who does not obtain satisfactory relief. Asthmatic sufferers should give Oxidaze a trial. It is harmless and inexpensive. Blooms Drug store.

"Get married whether you have money or not," says D. D. Deaver, eighty, who has just celebrated his fifty-third anniversary of happy wedded life.

"But if you are wise, you will have a profession or a job before taking a bride," this veteran husband cautions.

It is also said misery loves company; this may account for the old fellow's advice.

We may live without poetry, music and art;
We may live without conscience, and live without heart;
We may live without friends; we may live without cooks.
But civilized man cannot live without cooks.
He may live without books,—what is knowledging but grieving?
He may live without hope,—what is hope but deceiving?
He may live without love,—what is passion but pining
But where is the man that can live without dining?

What do you think of this for a sad state of affairs:

The wine growers of the Marne find themselves face to face with an unparalleled situation—hundreds and thousands of bottles of champagne stocked in their cellars and no market for it.

A new counterfeit $20 note on the Federal Reserve Bank of Philadelphia is in circulation. The note bears check letter "D" plate No. 744; D. F. Houston, Secretary of the Treasurer John Burke, Treasurer of the United States, portrait of Cleveland.

We haven't a $20 bill on us, but if you will kindly give us one of these phony fellows we will endeavor to pass it along.

No less than 100,000 pounds of clothing is wanted by the national organiation of Lutheran Young People's societies with a membership of 745 separate organizations, to be shipped at its expense to the destitute of Europe. Collections will be be made during the week of Feb. 12.

"Incurable insanity" will be a thing of the past within a few years, according to Dr. Edward Ryan, Superintendent of the Rockwood Hospital at Kingston, Canada, who is studying hospitalization in New York. The place to cure insanity, he says, is in the public schools.

The French are almost as tight as our Scotch friends when it comes to the letting go of the almighty dollar or its French equivalent. As an illustration, it cost just $9,700 to elect M. Alexander Millerand, President of France. President Harding's election cost the Republican party $5,300,000 while our Democratic brethren spent $1,300,000 getting Jimmie Cox his awful walloping. Then too, Gen. General Leonard Wood's friends admitted disbursing $1,773,000 in the attempt to put that redoubtable "pill rolling" warrior in the presidential chair. In fact the official figures for the 1920 electon show that it took a total of $13,400,000 to elect the President, Congressmen and State officials that year. Some splash.

But this sure is a great country. For instance, Johnny Dundee, the 130 pound champion pugilist, who expects to defend his title in New York City Friday night, has fought 523 fights since he started in on the game in 1910, and it is estimated that he has cleaned up in those battles a fortune of $700,000 or a sum equal to the combined salaries of all the Presidents of these United States during those ten years.

Irish news from London for a New York newspaper stated the other day that, contrary to the general accepted belief, the Irish flag instated of being green was really blue, a blend or combination of the green and orange. This statement moved Tommy Lynch, a local bard, to take his pen in hand and grind out the following refutation of the "slandher."

Oh, maybe Erin's color in ancient times was blue,
For melancholy sat upon her flag and people too;
But now that she is risen 'tis plainly to be seen
That the newest Irish emblem will be verdant with the green.

New Facing Hard Fight In Indiana

Editor's Note: The following is the first of a series of stories by Lawrence Martin, United Press Staff Correspondent at Washington, on the several interesting senatorial fights that will be waged between now and the Congressional elections this fall. With the Democrats determined to make a big cut in the overwhelming Republican strength in Congress and to wrest control of one or both houses, if possible, the campaigns in reality already are under way. Preliminary skirmishing, which will develop into real battles as the weeks roll by is now in order. The first of the series is on the Indiana Situation.
By LAWRENCE MARTIN

(United Press Staff Correspondent)

Washington, Feb. 2.—Along the banks of the Wabash comes springtime, folks will begin getting ready to enjoy a real nice time. Which is just another way of saying that Indiana this year faces one of the most intense and interesting political situations in its history.

The only Indianian who appears to stand little chance of getting much joy out of the situation is United States Senator Harry S. New, who always has been a fighter. He is going to be the storm center of it all and if he gets safely through the primaries in May, he will have another tough time ahead of him in the November election.

Unless New is promoted out of politics into President Harding's cabinet as Postmaster-General in the meantime, he intends to seek re-election next fall—providing the Republicans of Indiana nominate him. They probably will, unless Beveridge runs. Maybe they will anyhow. But some of New's friends wish they knew at this writing whether Beveridge really means to contest for the nomination or not.

Beveridge has been in retirement politically these many years. He has virtually faded out as a national figure. But there are indications that he has picked 1922 for his comeback and the Senate for his stage. He has been lecturing over Indiana, keeping in touch with the people, and making his dynamic personality felt. He has betrayed just enough interest in public questions to let people know pretty well where he stands. On the soldier bonus, for instance. Beveridge has taken a decided stand. He also has expressed definite views on taxation. The two questions are certain to be among the foremost issues of the 1922 elections, it now appears.

New intends to seek re-election over the prospect that Beveridge may run against him. He has until recently been deaf to urgings of his friends that he go back home and do a little fence mending. He has recently decided to make some speeches soon, but not on political subjects.

New is banking on the strength of the Indiana Republican organization and perhaps of the national administration, to pull him through. He will have the state organization solidly back of him, he will have all the support President Harding can with propriety give him. Looking at it that way, it doesn't seem as though Beveridge had a chance.

But the former Senator has a way of getting the people. He is by nature all that New is not. Beveridge was born to win people by means of his voice, his oratory, his personality New has not that gift. He depends on the more homely gifts of organizing precincts and "staying put" on party questions.

Indiana gave Harding an abnormal majority. That was the voice of unrest. A keen observer from the state said the other day: "Indiana voted for something the other day and did not get it. Ever since, the swing towards political normalcy in the state has been more pronounced."

Political normalcy in Indiana means close elections. It may be that Beveridge, if he runs, can capitalize the dissatisfaction evident in Indiana as well as elsewhere and beat New for the nomination.

If New wins, he is likely to face in the general election one of the up-and-coming younger Democrats of the state. Former Vice President Marshall, Tom Taggart and Samuel Ralston are all heard of in connection with the democratic nomination, but more likely than any of these are two men of a newer generation—Claude G. Bowers, editor of the Fort Wayne Journal-Gazette and Frederick Van Nuys of Indianapolis.

Bowers is an orator and a writer of brilliant talents, formerly associated with John W. Kern, and author of Kern's biography. Van Nuys has ... a term as United States District Attorney at Indianapolis, ... which office he made an excellent record.

Tom Marshall could, of course, have the democratic senatorial nomination for the asking, but he will not ask it. Truth is, Marshall is "fed up" on the senate, as he himself said.

Indiana democrats are looking forward to the contest with much confidence. They won more than 50 out of 70 odd municipal elections last November, and that they say, is the "indicator" for the result of the senatorial and congressional struggles.

Back and Forth.

"Minister," declared the outspoken parishioner, unable longer to stifle his feelings, "whenever you launch forth on one of your sermons I go to sleep." "That's a compliment, my dear sir," rejoined the clergyman enthusiastically. "It shows that my sermons have the requisite smoothness and soothing power to put to sleep the person who is incapable of appreciating the finer qualities and deductions that keep the others awake."—New York Sun.

MADERA BOY LOSES LIFE IN COASTING BY AUTO COLLISION

While coasting across the brick road, near Madera Monday afternoon between 4 and 5 o'clock, Paul Mateer, aged about 8 years, sustained such serious injuries when the wheel of an automoble passed over him that death resulted later. Another boy, a cousin, a son of Ignatz Mateer, who was on the sled also, miraculously escaped serious injuries. The dead boy's father is named Toney.

It appears the two boys were lying flat on the sled, one on top of the other, and coasted from a ravine, the course leading across the highway. Evidently they did not see the automobile approaching, driven by M. W. Callis, salesman for the Philipsburg Beef Company, nor did Mr. Callis observe the boys on the sled. The sled moved swiftly in front of the car, a wheel passing over both boys. The accident is said by those who investigated the circumstances to have been wholly unavoidable.

C. C. HOOVER OF DUBOIS IS A CANDIDATE FOR LEGISLATURE

C. C. Hoover, one of the best known citizens of DuBois, and a man who has served in the legislature at Harrisburg, has authorized the Courier to announce him as a candidate for the State Legislature Mr. Hoover has been considering the proposition of becoming a candidate for some little time, following the urging of many friends that he announce himself. Mr. Hoover will be a candidate in the second legislative district, which consists of DuBois, the boroughs of Burnside, Coalport, Curwensville, Glen Hope, Grampian, Irvona, Lumber City, Mahaffey, Newburg, New Washington, Troutville and Westover, and the townships of Beccaria, Bell, Bloom, Brady, Burnside, Chester, Ferguson, Greenwood, Houston, Knox, Penn, Pine, Sandy and Union. This division is in accordance with the latest act of Assembly, whereby the representation in the State Assembly for Clearfield county was cut from three to two and the county divided into two legislative districts.

Tribute and Tax.

Tribute is money, commodity of value or service rendered by one ruler or state to another in token of submission, while taxes are financial burdens imposed by a state upon its own subjects. In early times there was not this distinction, for, under the feudal system especially, taxation, tribute and rent were often identical.

Love Affair Suddenly Ended.

When I was in my seventh year of school I became very much in love with a boy in the eighth grade. One day when I was at his house to see his sister he and a friend of his fixed a pail of ice-cold water on the top of a door. I was the first to open the door and the water fell on me. This was a sudden end of my first love affair. —Chicago Journal.

Housing Conference Will Be Next Meeting Called By President

Washington, D. C., Feb. 2.—A call for a National Housing Conference may be issued directly after the conclusion of the Arms Conference it was learned today. Republican leaders in Congress and Administration chiefs are sounding out public opinion on the subject and if the response is favorable President Harding will issue the call. The proposition has been placed before the President but he will make no decision until he is assured that the nation is sufficiently interested in it. Efforts are being made to sound the sentiment in all directions of the country.

Do Not Reach for the Moon.

Psychological science apparently has exploded the good old notion that "babies will reach for the moon." Dr. John B. Watson states in the Scientific Monthly that when actually put to the test they will watch attentively anything they see moving, no matter what its distance, but that they will not reach for it until it is within 20 inches of them.

From Cambria County
Leitzinger Bros.,
Dear Sirs:—
Please send me three pounds of your Special Blend Coffee.
Mrs. L———.
Barnesboro, Pa.

A Clearfield lady said to us Saturday: "I have been using a coffee for which I pay 45c a pound. I tried one can of your Special Blend last week. Now I want 3 cans. It is better than what I paid 45c for."

AUTHORITIES KEEP CLOSE WATCH ON THEATRE OWNERS

Washington, D. C., Fev. 1.—Several persons connected with the Knickerbocker Theatre disaster were under surveillance of Federal agents and police here today while half a dozen investigations were being pushed to determine the blame for the loss approximately 100 lives exacted by the collapse of the theatre roof. It will probably take a week to reach any definite conclusions as a result of these investigations.

Novelty for Jerusalem.

Jerusalem has passed through a siege and war without being damaged by the invaders or the besieged, for the first time in the history of the city. The British airplanes flew over the Holy city frequently to observe the movements of the Turkish forces, but no bombs were dropped on its historical buildings by order of General Allenby the commander-in-chief. It was the eighteenth time the place had been captured since the city was built.

COTTAGE CHEESE MAKES HIT WITH LOTS OF FOLKS

As soon as we told the folks that we had cottage cheese there was an almost immediate start of sales. It's no wonder, though, when once you taste the sharp taste that we have imparted to the cheese, and everyone who cares for it is coming back for some more.

The drivers have it on the wagons regularly and it's being sold in pound packages for the price of one quart milk ticket.

SID HATFIELD'S WIFE MARRIES AGAIN TAKES W. VA. STATE COP AS HUSBAND

Makewan, W. V., February 1.—The wife of Sid Hatfield will marry Sergeant H. T. Potry, a member of the State Constabulary. This marriage is the third matrimonial venture of Mrs. Hatfield in eighteen months. Her first husband was C. C. Testerman, Mayor of Lakewood; who was killed in a bullet battle here in 1920. Sid Hatfield, whom she married soon after, was one of the men indicted for the killing, and was also shot.

Anthracite Tax Is Unconstitutional, Says Dauphin Court

Harrisburg, Pa., Feb. 2.—The Dauphin County Court of Common Pleas held today that the Anthracite tax law was unconstitutional. It had been the contention that this law was unconstitutional since it discriminated between Bituminous and Anthracite mines. The case will be appealed to the State Supreme Court.

Must Be Handled Cautiously.

If radium were as plentiful and as easily obtained as gold everybody might have a little of it in their lead boxes to protect themselves against its dangerous rays, which it never ceases to give off until in some thousands of years it exhausts itself, having turned into something else.

Elastic Gate Hits Back.

A new safety gate for railroad crossings is designed which stretches across the road like the old style gate, but is flexible and elastic, so that it gives instead of breaking when run into. The gates will force the vehicle backwards, away from danger.

OUR PIES MAKE A HIT EVERY DAY

The kind of pies we are serving with meals and for lunches are making a hit through their goodness. They aren't those thin, weak watery kind, but are the kind with lots of filler and the filler's made just right. The crusts are light and flaky—you'll like 'em.

Clearfield Brewery First To Bankrupt Since Dry Law Passed

Pittsburgh, Pa., Feb. 1.—A voluntary bankruptcy petition was filed here today by E. J. and Frank Roessner individually and as partners in the Clearfield Brewing company, and Roessner Product company, of Clearfield, Pa., it was the first such petition filed by a brewing company since prohibition went into effect.

Liabilities were given as $24,502.88 and assets $2,492.73.

Ended Embryonic Love Affair.

The first girl I ever called to see was entertaining me in the presence of another couple of young folks, when she reached over and pulled what she supposed to be a thread off my vest. She pulled about two yards out before she grasped the fact that she was unraveling my underwear. It was the last of that love affair.—Chicago Journal.

Arbuckle Verdict Will Be Reached Late Today

San Francisco, Calif., Feb. 2.—Both the State and the Defense in the Roscoe Arbuckle manslaughter case look for a verdict before night, but many followers of the case believed there would be another "hung" jury. "It is only a technicality that is causing the delay," Arbuckle's lawyer said today. "We are confident of a verdict of acquittal as soon as the jury has cleared up minor questions."

The State's Attorneys, on the other hand, stated that every minute brot conviction nearer.

Magnetizing Steel.

Magnetism is put into steel or iron by induction from some other magnet or by electric action. If a piece of steel is brought into the field of a magnet it becomes magnetized, and if it is touched or stroked with one end of the magnet it retains this magnetism. Another method of magnetizing is to wrap the steel in a coil of wire through which is passed an electric current. The steel gradually and slowly loses its magnetism, particularly if it is heated to a high temperature or is subjected to mechanical treatment such as hammering, twisting, etc.

Squeaking Doors.

Drop a little oil on top of the hinges—even olive oil—then swing the door back and forth until the oil works into the hinge and the squeak is gone.

No Sound Interpretation.

On seeing a lusty chanticleer crow at the top of its voice, a fellow born deaf remarked: "How he yawns, that sleepy bird!"

A Message to Feeble Old People

Erie, Pa.—"I am nearly 80 years old, and influenza left me weak, rundown and nervous so I could hardly keep around and do my work. I tried different remedies but did not seem to gain. I read about Vinol and tried a bottle. In a few days I began to recuperate and it certainly did me a world of good. I feel much better and stronger in every way. My sister, who is 86 years old, has also taken Vinol with excellent results." —Mrs. JULIA M. RATHBUN, 1020 French Street, Erie, Pa.

Vinol

COD LIVER PEPTONE AND IRON

Creates strength and rebuilds wasting tissues.

We agree to help you with Vinol or return your money.

We'd like to have you see some of this work

If there are little folks in your family, and you love to see children's clothes beautifully laundered, we'd like to have you drop in and see some of the work we're doing for your friends.

Because we've taken so much pains to please you and have spent so many years learning how, it is natural that our service should be extra good. To serve you both economically and well, we've invested many thousands of dollars in the most modern of equipment—in washing machines which cleanse thoroughly without rubbing and wearing; in steam-heated presses that can't possibly scorch, but which impart to everything a wonderfully smooth and attractive finish.

And just water—not plain, ordinary water such as flows through the city mains, but absolutely pure, rain-soft water—the sort you'd love to shampoo your hair or wash your finest blouses with—costs us a surprising sum.

If you can't come yourself, send us your bundle—it will furnish you the best proof in the world of the thoroughness of our methods. Just phone us, and we'll send our representative, whenever you wish.

NERVOUS AND RHEUMATIC

Well Known Minister and Wife Receive Great Benefit

Nervousness and rheumatism both are quite often caused by indigestion and bowel trouble. Constipation is said to be the greatest cause of rheumatism and nervousness and stomach trouble is next. Nerv-Worth regulates the bowels in a mild yet absolutely effective manner either in men, weak women or delicate children. Its taste is pleasant and it rarely fails to bring noticeable improvement before the 1st bottle is used up. Most druggists have it at $1 per bottle. It is always on sale in this city at the Stewart Drug Store and the druggist is authorized to give you your money back if the results of the first bottle do not seem encouraging to you. Rev. Damron of Proctorville, O., told a Nerv-Worth representative that his nerves were so racked he could not sleep, yet after taking half a bottle of Nerv-Worth, he could sleep like a child. He said too, that his wife had rheumatism so badly in her hip joints that she could not rise without help and her system was terribly run down. Nerv-Worth had done him so much good, she tried it and was greatly pleased to find her rheumatic pains disappearing with her stomach and bowel trouble before she had used a bottle. Try it today on our guarantee of money back if not satisfied.

TAKE BETTER CARE OF YOUR EYES

And then your eyes will take better care of you. If you're going along every day putting your eyes to a strain at your work, you'll soon be in the has-been class and out of work. Keep your eyes up to snuff and you'll hold your job much easier.

REAL ESTATE PROSPECTS BROUGHT TOGETHER HERE

I have lots of folks who are desirous of buying properties and some who hame them and are desirous of selling. This is a fine opportunity to get together if the various properties suit buyer and seller.

Hardly a day passes but there is a transaction of this sort goes through my office in some shape or other and the number increases every day.

Possibly I can bring you to the property you want or can sell your house, lot or farm for you.

Let's talk it over.

NEWSPAPERARCHIVE®

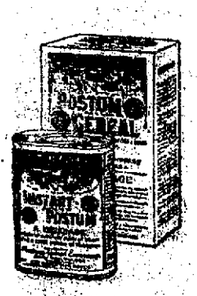
One third of your life is allotted to sleep. Do you get your share?

The most important period in the process of applying nutrition to the repair of the body is while you are asleep. For the most favorable transformation of digested food into nerve and cell tissue, so doctors tell us, sleep is absolutely essential.

Is it any wonder that those who suffer from lack of proper sleep are weak, pale and lacking in energy or ambition?

One of the causes of insomnia is nerve-irritation from tea and coffee drinking. Tea and coffee both contain caffeine, which has a tendency to cause undue stimulation. The irritating effect of caffeine often results in insomnia, depression, and a weakened nervous system.



You can easily overcome these troubles by drinking Postum instead of tea or coffee. Postum is a delicious, satisfying cereal beverage, and it is absolutely free from caffeine, or any other harmful substance.

Ask your grocer for Postum. Drink this delicious, refreshing beverage for ten days. Then see if you do not feel better and more clear headed, and if you do not sleep better at night—as so many other people have proved for themselves.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

CURWENSVILLE

We feel some explanation is due our readers for the fact that we had no Curwensville news last night, yet we can give no real reason for it. The letter was written and mailed at the usual time but for some cause, unknown to us, it failed to reach the Progress Office. This is all the explanation we are able to give at this time.

Mrs. Richard Hanscom of DuBois and Blair Gates of Ridgway were called home on account of the illness of their father, W. D. Gates. His condition was reported as somewhat improved on Wednesday.

SCHOOL NOTES

On Monday evening, Feb. 5th, Hon. Frank Preston Johnson will appear in the fourth number of the High School Lyceum Course. Mr. Johnson has won national fame on his lecture on American life and is well worth hearing.

The great Breach of Promise Case in the Plummer Family will be tried by the High School in the Opera House, Wednesday evening, Feb. 22. This being Washington's birthday, the filling for the program will be of a patriotic nature. This famous case is known all over the U. S. A. Squire Wright will conduct the case, Benjamin Soggs will be the bailiff. The two famous attorneys John Goodman and Joe Sharp will conduct the legal battle. The witnesses are being subpoenaed and everything is being put in order for one of the most famous court trials ever conducted in Clearfield County. The venori facias has been issued and the jury will be summoned this week. More complete details will be given next week.

Misses Laura Burkett and Laura Walter of the High School faculty spent the week end in their respective homes.

The mid-winter examinations are now a part of the history of the schools and results will be made known at the end of this week.

Miss Edna McCracken spent the weekend at her home in Lawrence Township. She reports that at that time the snow was drifted ten feet in some places and the roads very difficult to travel.

Miss Mildred Tate will spend the week end in Duncanville. She is great ly interested in the Institute that is being conducted there, particularly primary methods and plans, besides some special services in her church there.

Every morning at chapel a member of the senior class takes charge and announces a governing thought for the day. Some recite stanzas of poetry and others make very interesting original speeches. Prof. Norris announced that they have now been taught for nearly twelve years and it is time the school received some benefit from their observation and thought.

These exercises are proving very interesting.

The Literary Societies are now giving splendid programs each Friday at 2 o'clock. These exercises are public. You are invited to attend. It will do you good and encourage these young students.

The High School Annual and Directory is almost completed and will be in the hands of the printer by the end of the week. The printer promises this interesting book off the press by April 1st.

Manager Saul Robinson of the U. S. Athletic Association issued letters to the foothal lteam of 1921. The following qualified and were awarded letters:

Byron McDowell, Reuben Norris, Leo Smith, Raymond Maurey, Clifford Kephart, Nathaniel Edwards, Walter Olson, Chas. Norris, Hugh Kelley, Orville Hipps, Merval Bloom, Leon Test, Arthur Hockman, William Starr, Harold Starr, Guierre Brunetti Earl Bloom and Clifford Kelley.

Yellow Dogdom in Curwensville

Blair County Yellow Dogdom has broken out in Curwensville. Last night the ancient, honorable, effervescent, transcendental and apocalyptic order of Yellow Dogs held a session somewhere in Curwensville. Chief Clark was on the alert all night and reported it was an orderly crowd and he believes much will be accomplished in reducing the ravages of predatory canines and in making it safe for yellow dogs to roam the streets. A large number of cups were gathered in from hedges, highways and byways and the back streets, properly collared and tagged and made safe to roam at large, so when the Clearfield dogman makes a return trip to Curwensville he will find things in apple pie order. The bone knaw was a delightful affair where friendship frivolity and fun reigned supreme. After the dogs had lapped from the bowl of ecstasies and reveled around the "Bone Fide" the days of the old Romans were discussed when we were all wild rovers of the plains and quarreled around the sacred relic.

Another knaw is being planned by the new curs in Curwensville. The Blair County Kennel is a chartered institution and it is thought the local kennel will become a part of this noble kennel.

The Big Chief was present last night and was in good trim and spirits. Curwensville will now be a better place of residence since the organization of this "Ancent and Honorable Fraternity."

AZOA
A New Exterminator For Rats and Mice

Azoa is a disease-producing virus which when eaten by a rat or mouse develops a disease which kills in from 14 to to 28 days

An important characteristic of Azoa is that rats and mice infected with the disease it produces almost invariably seek the open air to die Thus the nuisance of dead rats about the buildings, under floors, in walls etc, is practically eliminated During the many years that Azoa has been on the market, we have had reports of only a very few cases in which there was any trouble in this particular Upon investigation it was found that in these cases either escape of the rats was cut off or poison that caused them to die quickly had been used.

It is known that rats are cannibalistic in their habits Those that first succumb to Azoa being weak from disease are attacked by their fellows and devoured In this manner the disease is transmitted from one to another.

BILL'S FIXING WATCHES SO THEY STAY FIXED

Every watch that is fixed in this shop is fixed right and stays fixed right even after it has been carried and subjected to the rough usage that such a delicate bit of machinery has to stand

It's a usual thing to hear "Why don't you let Bill O'Brien fix your watch? He'll do it right." It took a long time to get the confidence of folks like that and I'm mighty jealous of it

NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y. — "I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly every one around me knew of your medicine and wanted me to try it, so at last I took Lydia E Pinkham's Vegetable Compound Tablets and Lydia E Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up You are welcome to use this letter as a testimonial if you like"—Mrs. CHAS. BAKER 21 Spencer Ave, Hornell, N Y.

In almost every neighborhood there are women who know of the value of Lydia E Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?
